

A Message from Our Administrator

The start of a new year means it's time to begin thinking about school choice. I encourage you to log into ParentVue and select your school now! I feel truly fortunate to be a part of a school community with amazing students, supportive families, and dedicated staff. Tres Rios is a truly special place, and I look forward to welcoming back all of our Pumas again next year!

SIGNATURE SCHOOL HIGHLIGHTS

Middle school students presented their Technology in Service Learning projects. Classes also got to speak with a Cactus High School student via Zoom who spoke with students about dual enrollment in the Public Service program at WestMec. Third-graders read and gifted their Police are Heros booklets to our Kinders. Our 3rd and 4th-graders wrapped up their First Aid Training for the quarter, as 5th grade completed their lessons on Criminal Justice.

GRADE LEVEL HIGHLIGHTS

Second grade students are having fun comparing and contrasting characters along with identifying key details from text.

Sixth grade is working hard in math creating equivalent expressions using properties of addition and multiplication .

TECHNOLOGY INTEGRATION

We have completed our tech checks after the winter break and there are many computers with a variety of issues. Please take a moment to look over your child's computer and talk with them about taking care of their device. We appreciate your help in maintaining the devices for this and future years.

STUDENT AGENCY

CHARACTER DEVELOPMENT

All Things EQ topics for February

- I find purpose in everything I do.
- I am always improving
- I take a few breaths. I can handle this.

SAFETY

There is a lot of new construction around the school. Please make sure to enter and exit campus carefully, while keeping an eye out for students and obeying construction signs.

MYD

Resetting expectations is something students hear often and they should. As kids grow and mature so do learning expectations. What is okay on the first day of first grade isn't okay in February. Growing in learning means meeting new expectations as well. This holds true both academically and behaviorally.

PBL HIGHLIGHT

Project Based Learning (PBL) is a teaching method in which students learn by actively engaging in real-world and personally meaningful projects. We are excited for This year's PBLs.

UPCOMING DATES

- 1/31-3/18 AZELLA reassessment
- 2/8 Governing Board Meeting
- 2/17-2/28 UofA Project Wet (4th grade)
- 2/22-3/7 Kinder Interim
- 2/22 Special Meeting of the Governing Board
- 2/25 KAH Assembly
- 2/25 Dollar Dress
