

A MESSAGE FROM OUR PRINCIPAL

We would like to thank you for the continued communication and partnership in your children's education. A strong school/home partnership is critical for the success of your children. We begin this month with Parent-Teacher conferences (October 3-7), followed by Fall Break (October 10-14). Please plan to attend as we partner in meeting your child's academic goals! As we begin the second quarter, I encourage you to continue to communicate with your child's teacher, have discussions with your child around their academic goals, and promote positive decision-making. Our Pumas are well on their way to making this an amazing year

SIGNATURE SCHOOL HIGHLIGHTS

During the month of October Service Learning will be researching community helpers. Our goal for the month of October is to get a better understanding of what community helpers such as police, fire, and other first responders do for our community.

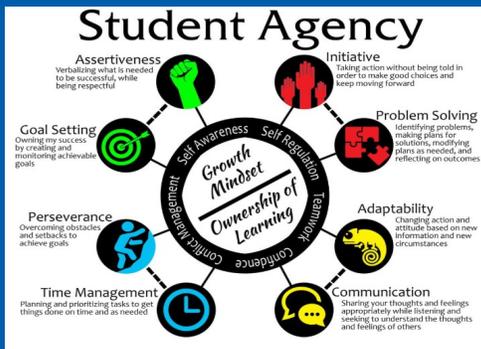

GRADE LEVEL HIGHLIGHTS

We are thankful for all the grade levels commitment to our school goal of growth in our math platform, Dream-Box. We are off to a strong start with an average of 3.6 assignments a week. Keep pushing yourself pumas to our school goal of a minimum of 5 complete lessons a week.

TECHNOLOGY INTEGRATION

The school will be conducting Tech Checks just before October break. Please take a moment to look over your child's computer and talk with them about the upkeep of their laptop and charger.

STUDENT AGENCY

CHARACTER DEVELOPMENT

All Things EQ October topics. Take a moment to have your child reflect on these ideas.

- I pay attention to what I tell myself
- I know what I am looking forward to today
- I make the most out of every experience

SAFETY

The weather is changing and that means Flu Season is in the air! Get plenty of rest and wash those hands. We want you here at school and healthy!

MYD

Help make someone's day. If you have the power to make someone happy, do it. The world needs more of that.

PBL HIGHLIGHT

Project Based Learning (PBL) is a teaching method in which students learn by actively engaging in real-world and personally meaningful projects. We are excited for This year's PBLs.
